A screenshot of a software application window titled "Auction Net". The window has a standard operating system title bar with minimize, maximize, and close buttons. Inside the window, there is a menu bar with "Login" and "Help" options. The main content area is divided into two sections: "Seller" and "Buyers". Each section contains a table with two columns: "Name/Alias" and "Description". Below the "Seller" table is a button labeled "New Seller". Below the "Buyers" table is a button labeled "New Buyer". At the bottom of the window is a status bar that displays the text "Disconnected".
